

What a year for solar access and environmental justice in Colorado!
In 2017, GRID Colorado had one of our most successful years yet:

PEOPLE

Reduced energy costs mean more money invested in families and communities.

1,523

FAMILIES SERVED

Homeowners and renters who qualify as low-income^[1]

\$6M

LIFETIME SAVINGS

Fewer expenses = more money in families' pockets

PLANET

Solar helps environmentally burdened communities see a brighter, clean future for generations to come.

4.3 MW

CLEAN POWER

Clean power for families and communities

60,000

TONS OF GREENHOUSE GAS EMISSIONS PREVENTED

Over an expected 25-year lifetime

EMPLOYMENT

Our training programs help participants launch new careers in solar.

611

PEOPLE RECEIVED HANDS-ON TRAINING

Participants include volunteers, students, and job trainees

2,300

JOB TRAINING HOURS PROVIDED

Time spent on our job training-focused installs

[1] This number includes apartment units or affordable housing owned homes for qualified low-income families in a building served by one of GRID's solar projects. Units may receive direct benefit in the form of electric bill offsets, or indirect benefits in the form of additional supportive services.

SUPPORTERS

A huge thank you to all of our volunteers and supporters who give of your time, energy and financial resources to bring our shared vision to reality. Our 2017 partners and supporters include:

CORPORATE PARTNERS

Accenture
Allegretti
Bank of the West
Bike and Build
Fronius USA
