

# SOLAR POWER **FOR ALL!**

**Interfaith Power & Light**  
A Religious Response to Global Warming

IN PARTNERSHIP WITH

Solar power does more than clean the air. It can also provide long-term energy cost savings for families struggling to pay utility bills. **Be a steward of Creation and bring the benefits of solar to your community!**

Our congregation is partnering with **Interfaith Power & Light** and nonprofit **GRID Alternatives** to bring GRID's Solar Affordable Housing Program to qualifying congregants, families, neighbors and friends. You or someone you know may be eligible to receive a no- to very-low-cost solar panel installation, **saving an average of 75%**.

**Apply for yourself or help spread the word!**

**TO SEE IF YOU QUALIFY CONTACT:**

**1-877-811-2296**
